

# GATEWAY

*Theological Institute*

I agree with and will teach according to the EFCA 12 points of Doctrine.

I agree to work with the GATEWAY leadership, use the recommended texts, conduct classes, review and give feedback on assignments.

I understand that the objective of GATEWAY is to prepare the men involved to write, debate and rewrite their work in order prepare them for their licensing paper as well as for their ordination paper. I also understand that attendance at GATEWAY doesn't guarantee licensure with the EFCA, but the process of GATEWAY should prepare a student well for it if the student has worked diligently at writing, debating and rewriting his papers.

I agree to send the following information to the EFCA GATEWAY Administrative Assistant:

- proposed schedule (recommended to finish within 1 year of starting date), including dates, times & locations
- class syllabus including assignments, feedback & class participation (may customize example syllabus)
- attendance & grades in a timely manner
- any changes in student information (address, phone, etc.)
