e.	There are some clear errors in the Bible.	46
3.	Problems with denying inerrancy.	47
a.	If we deny inerrancy a serious moral problem confronts us; May we imitate God and intentionally lie in small matters also?	
b.	Second, if inerrancy is denied, we begin to wonder if we can really trust God in anything he says.	
c.	Third, if we deny inerrancy we essentially make our own human minds a higher standard of truth than God’s Word itself.	
d.	Forth, if we deny inerrancy, we must also say that the Bible is wrong not only in minor details but in some of its doctrines as well.
